PROFESSIONAL SUMMARY

Enthusiastic MERN Stack Developer with hands-on experience building responsive, database-driven web applications. Adept at creating RESTful APIs with Node.js and Express, designing intuitive React interfaces, and managing data with MongoDB. Passionate about applying full-stack development skills to practical projects and continuously expanding technical capabilities.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Python, SQL, C, C++

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend & Databases: Node.js, Express.js, MongoDB, FastAPI, MySQL, PostgreSQL, SQLite

Tools & Concepts: Git, Docker, REST APIs, JWT Authentication, AWS (Basic)

PROFESSIONAL EXPERIENCE

InternSpot

Remote

Full Stack Developer Intern

2 Months

- Assisted in building web application features using React.js and Node.js, gaining practical exposure to full-stack development.
- Developed responsive frontend UI components and learned to debug application issues for improved cross-device compatibility.
- Collaborated with the development team to identify and resolve bugs, participating in everyday problem-solving and code reviews.

PROJECTS

FixLocal – Local Service Marketplace

Live Demo | GitHub

Full-Stack Developer

React, Node.js, MongoDB, Socket.IO

- Developed a full-stack MERN marketplace with role-based dashboards (Customer, Worker, Admin) and secure authentication (JWT, OAuth).
- Integrated Socket.IO for real-time booking updates and chat, and implemented secure media uploads using Cloudinary and Multer.

Brain Tumor Classification System

Live Demo | GitHub

Full-Stack Developer

Python, FastAPI, React.js, Express.js

- Built a full-stack web interface connecting a React.js frontend with a backend to expose machine learning capabilities.
- Developed REST APIs to handle file uploads, manage inference requests, and return classification results to the user.
- Structured the frontend using reusable React components to display prediction outcomes and ensure a smooth user experience.

AI Agency Landing Page

Live Demo | GitHub

Frontend Developer

React.js, Tailwind CSS

- Developed a responsive, mobile-first agency landing page from scratch using React.js and Tailwind CSS.
- Implemented modern UI sections and structured reusable frontend components to create an engaging user experience.

EDUCATION

Vidya Vikas First Grade College

Mysuru, Karnataka

Bachelor of Computer Applications (Information Technology)

2023 – 2026

CERTIFICATIONS

Microsoft Azure AI Fundamentals

Microsoft

Certified

Cisco Certified Support Technician (CCST) – Cybersecurity

Cisco

Certified

PROFESSIONAL TRAINING

NxtWave Disruptive Technologies

Industry Ready Certification in Full-Stack Development

2024 – Present

- Course modules include: HTML, CSS, JavaScript, React.js, Node.js, SQL, Python, Git, and Data Structures & Algorithms.
